James Mechan

Dear Jim,

Congratulations! Emdeon has been formally accepted as an EHNAC HNAP - EHN accredited organization. EHNAC has successfully reviewed and approved your organization's documentation and site visit evaluation. You are accredited through 8/13/2011. Your EHNAC Accreditation Number is HE0004050809. This information will be posted immediately to the EHNAC Web site. Let me be the first to commend your organization on this prestigious industry recognition.

EHNAC fully supports your organization's promotion of this notable achievement. The market recognizes the significance of the EHNAC accreditation process, as it certifies that your quality products and services are held to a superior standard. To that end, the following attachments are included with this email:

- An EHNAC press release template for use in announcing the achievement. Once final, please send a link to your press release to info@ehnac.org, so that we may include it in the Press Room of the EHNAC Web site.
- The camera-ready, bitmap graphic of the official EHNACHNAP - EHN logo, signifying full accreditation. To help distinguish their organization from the competition, many accredited companies are using this logo on their organization's letterhead, business cards, signage, Web site(s) and other marketing materials. If included on the Web, we ask that it links to EHNAC's home page, (www.ehnac.org) so your customers can learn more about the value of EHNAC accreditation.
- A customized, PDF placard that can be laminated or framed and used as part of your organization's trade show display.
- A brief survey to help us evaluate your accreditation experience. All of your comments and suggestions will be considered and greatly appreciated.

David Sharp

*Maryland Health Care
Commission*

Terry Tobias

*Universal Health
Services*

In addition, we invite you to participate on the EHNAC Criteria and Marketing Committees so you can provide insight and represent your industry as we look to improve and expand our accreditation offerings. Please let me know if you are interested in these opportunities.

This accreditation will remain in effect for two years from your approval date. Please keep in mind that your organization must renew before the expiration date in order to maintain its accreditation status.

Please confirm receipt of this email, and feel free to contact me if you should need any further information.

And again, congratulations from EHNAC!

Debra
