

*Simplifying the Business of Healthcare*

## Emdeon Prescription Benefit Solutions SelectRx Insight Web-Based Reporting

---

### Simple, Insightful

access to pivotal

information can help

you make sound, cost-

effective decisions that

reduce drug costs.

### Easy access to pivotal information

Health plans and payers need the right utilization information at their fingertips to make sound decisions. Emdeon Prescription Benefit Solutions' web-based, ad hoc reporting tool, Emdeon SelectRx Insight, provides a clear window into the clinical and financial information payers need on a daily basis.

### Manage and share from anywhere

Remotely access the information you need through the secure Emdeon SelectRx Insight web interface from any location. Tailor the entrance page with your company's logo and populate it with continuously refreshed key indicators to easily monitor cost drivers. Once inside, take advantage of our suite of standard reports or generate reports and graphs from scratch to gain a deeper understanding of member utilization. Easily save, modify, and share this day-to-day information through SelectRx Insight's flexible tools.

### Quickly make well informed decisions

Fast, accurate and robust reporting is the key to unlocking valuable insight into your member utilization. Emdeon's secure, easy-to-use remote access reporting tools provide health plans and payers flexible reports and graphs when and where they are needed to make well-informed decisions.

Simple, Insightful Web-Based Reporting

At Emdeon, we're here to help. To transform the way you run your prescription benefit program today, call us at **800.521.4548** for a complimentary review.

## Gain clear, accurate financial understanding

Effectively managing a Prescription Benefit Program requires reports with more than just routine functionality. With Emdeon SelectRx Insight's simple and flexible reporting, payers can quickly gain a deeper understanding of key cost drivers and develop effective strategies to minimize costs.
