

*Simplifying the Business of Healthcare*

## **Emdeon Script ePrescribing Solutions**

---

Experience an affordable  
ePrescribing solution that  
works with your pharmacy  
system to provide direct  
connectivity to physicians.

### **The time for ePrescribing is now**

As more and more pharmacies and providers realize ePrescribing's benefits, it is quickly becoming the industry's preferred prescribing method. Pharmacies can improve workflow efficiency through more legible and accurate prescriptions and physicians can gain access to ePrescribing incentives. Patients also benefit from ePrescribing's increased safety, fewer insurance issues, faster service and improved compliance.

### **Efficient and secure**

Emdeon Script enables the secure and accurate transmission of electronic prescription transactions between pharmacies and physicians. It supports computer-to-computer processing of new prescriptions, refill requests and responses. Using Emdeon Script, pharmacists can respond quickly to numerous transactions, efficiently organized within their pharmacy management system. The result is a simplified, more accurate flow of information between pharmacies and physicians and a great return on investment.

### **Robust connectivity**

Emdeon directly connects pharmacies to providers across the country on our reliable and secure network. Our extensive reach and tremendous scale mean we're constantly adding new providers to our prescribing network to give you the connectivity you need to get the best results.

**Efficient, Flexible ePrescribing**
