## **Emdeon AssistRx Accounts Receivable Solutions**

---

### **Accounts receivable made easy**

Emdeon AssistRx simplifies the management of key receivable assets for pharmacies through intelligent automation. AssistRx automatically captures paid claims as they are processed through the Emdeon switch to reduce delays. Payments are applied from carrier payment files and paper remittance advices to save pharmacies time and money.

### **Significant A/R reductions**

AssistRx keeps receivables more current and accurate through automated processes that can be customized to resolve unidentifiable, late, partial and duplicate payments.

These services include:

- Cash suspension
- Unapplied cash processing
- Partial payment processing

A pharmacy with Emdeon AssistRx can customize the automation of its accounts receivable processes using numerous configuration options, ranging from payment processing to automatic write-off limits.

### **Payment consolidation**

If you maintain your own receivables, Emdeon can streamline the A/R process by preparing a single-format payment file from carrier payment files and paper remittance advices.

**Simplified Third-Party A/R**
