

Simplifying the Business of Healthcare

Emdeon eCashiering

Simplify payments enterprise-wide with one solution

Help accelerate collections with an integrated, real-time electronic payment solution.

Offering your patients a variety of electronic payment options for every situation can create a very complex process. Emdeon eCashiering can bring these elements together under one integrated, web-based solution. With Emdeon eCashiering, you can view a patient's entire account and utilize real-time processing of credit card, check and ACH transactions. Cash payments can even be collected and receipted online through the Emdeon eCashiering Cash Drawer.

Flexible options and compatibility

With Emdeon eCashiering, you will receive real-time transaction reporting with the ability to generate custom reporting that can be shared throughout your organization. Emdeon eCashiering also provides easy dashboard views of real-time receipting, tracking, auditing and performance reporting. To save even more time, each day's payment activity is automatically posted into your system to eliminate manual posting and reconciliation tasks.

Help accelerate collections and strengthen your customer service

Emdeon eCashiering gives you a real-time window into patient accounts with the most up-to-date payment information available. This information can reduce confusion and lead to a quick, amiable resolution of many patient inquiries about cash or electronic payments.

Features

- Patient payments accepted from all locations within the enterprise
- Access to the entire patient account
- All forms of electronic payment accepted (credit card, check card, eCheck and ACH transactions)
- All forms of physical payment accepted (cash, check and money order)
- Comprehensive cash management system (audit, track and control patient payments)

Benefits

- Can help accelerate and increase patient collections
- Can assist in improving customer service leading to enhanced patient satisfaction
- Can facilitate an increase in the speed of payment capture
- Saves time by automating manual payment posting
- Increases staff efficiency by enabling more employees to accept payments
- Provides dashboard reporting of patient payment activity (ability to track, audit and control all patient payments)

Emdeon is a leading provider of revenue and payment cycle solutions that connect payers, providers and patients to improve healthcare business processes.
