

*Simplifying the Business of Healthcare*

**ONE PARTNER. MORE MEANINGFUL...  
MEANINGFUL USE.**

Emdeon Clinician will meet  
Meaningful Use\* criteria  
or we'll give you your  
money back!\*\*

## **EMR Lite + HIE = MU**

*Meaningful Use is Easy!*

Meaningful Use is easy with our web-based EMR Lite and integrated Health Information Exchange (HIE). Not only does it give you access to one of the largest HIEs in the nation, but it will also meet Meaningful Use\* criteria and can help you qualify for stimulus funds.

### **Emdeon Clinician EMR Lite**

Our EMR Lite solution gives you everything you need to simplify your clinical processes. All you need is right here, and all at a price less than traditional electronic medical records (EMRs).

- ePrescribing, CPOE and electronic results
- Unlimited clinical messaging among physicians, hospitals, labs and consumers
- Use as a standalone EMR Lite or integrate with the EMR of your choice
- Eligibility, claims and other administrative information exchange
- **Money back guarantee\*\***

### **Emdeon Health Information Exchange**

Emdeon HIE is a service that connects physicians, hospitals, pharmacies and labs to securely exchange information when it can save the most money and provide the most benefit – right at the point-of-care. Emdeon makes the process of sharing information easy, efficient and affordable.

### **Meaningful Use**

The HITECH Act, part of the 2009 economic stimulus package, aims to encourage eligible providers to adopt electronic medical records by offering incentive payments to those who use certified EMR technology. Eligible providers must report that they meet the Meaningful Use requirements in order to receive stimulus funds.

## Efficient Clinical Management

Emdeon Clinician is an Internet-based EMR Lite solution with the capabilities and connectivity providers need to stay ahead in today's healthcare marketplace. Because Clinician uses a Software as a Service (SaaS) model, connecting your healthcare community for rapid and secure information exchange, via the Internet is quick and easy.

By combining administrative Health Information Exchange with consolidated electronic lab ordering, results distribution and ePrescribing, Emdeon gives healthcare providers the ability to cut costs and increase productivity with a single partner. Fast, accurate and highly secure, Emdeon Clinician blends seamlessly with the way you already work and improves productivity so you can focus on those you care about – your patients.

Emdeon is a leading provider of revenue and payment cycle solutions that connect payers, providers and patients to improve healthcare business processes.

To learn more about our company, our services and our commitment to improving healthcare, visit our website at [www.emdeon.com](http://www.emdeon.com).

## Features

- Cross-reference medication histories, payer formularies and drug usage reports when ePrescribing
- Access reports from any Internet connection
- Capture demographic data from your practice management system
- Securely forward patient's lab reports to multiple physicians
- Receive on-screen notification of unviewed reports including alerts for abnormal reports that are out of range
- Automatically print reports without user intervention at set time intervals using any laser printer

## Benefits

- Simplify clinical processes with an EMR Lite that will meet Meaningful Use\* criteria and can help you qualify for government stimulus funds
- Connect to one of the largest HIEs in the nation
- Organize hospital and laboratory reports electronically in a single location replacing multiple printing devices and fax machines
- Generate cumulative patient reports including analytical graphs and tables to spot report trends rapidly
- Streamline reports delivery to a single manageable process
- Encourage system use through the availability of online tracking tools
